

**The National Academies Keck *Futures Initiative*
Signaling Committee Members**

Steering Committee

Marc Kirschner, Chair *

Professor and Chairman, Department of Cell
Biology
Harvard Medical School

Joan Brugge

Professor, Department of Cell Biology
Harvard Medical School

John Hopfield **

Professor, Department of Molecular Biology
Princeton University

Douglas Lauffenburger **

Professor, Biological Engineering Division
and Department of Chemical Engineering
Massachusetts Institute of Technology

Andrew Viterbi

President
Viterbi Group, LLC

* Also Chair, Signaling Planning Committee

** Also Member, Signaling Planning
Committee

Planning Committee

Adam Arkin

Assistant Professor, Department of
Bioengineering and Chemistry
University of California, Berkeley

Bonnie Bassler

Associate Professor, Department of
Molecular Biology
Princeton University

Oliver Collins

Professor, Department of Electrical
Engineering
University of Notre Dame

John Doyle

Professor, Department of Control and
Dynamical Systems
California Institute of Technology

Michael Elowitz

Assistant Professor, Biology and Applied
Physics
California Institute of Technology

Erin O'Shea

Investigator, Howard Hughes Medical
Institute
Professor, Department of Biochemistry and
Biophysics
University of California, San Francisco

Terry Sejnowski

Professor and Head, Computational
Neurobiology Laboratory
The Salk Institute

Claire Tomlin

Assistant Professor, Aeronautics and
Astronautics
Assistant Professor, Electrical Engineering
Stanford University

David Tank

Professor, Department of Molecular Biology
Princeton University
